

**AP-1025**  
25' Spun Alum  
Flag Pole Assembly

**AP-0802**  
Alum Flag Pole Base  
for 8" to 12" Dia Pole

Showing your spirit for your country, state, or school has never been easier. Pelco manufactures a complete line of flagpoles and accessories. 25' Spun aluminum flagpoles are designed to fit proportionally in residential applications. Commercial applications call for a commercial flagpole built to handle the rigors of everyday use. Pelco's 30' and 40' flagpoles feature a locking internal storage and retrieval system to detour theft and vandalism. Add a decorative aluminum base to new or existing flagpoles to draw the attention your flagpole deserves.

Pelco's banner brackets are the best in the industry. They offer property owners and municipalities an attractive eye catching way to promote local events and organizations. No more unsightly hose clamps to hold banners to sign and light poles. Pelco's entire line of banner brackets can be powder coated to match existing poles and will be machined for a custom fit. A banner arm finial securely holds your banner no matter the weather condition.

For larger or tapered poles try Pelco's Band-On banner brackets. Equipped with a stainless steel band that receives a special Pel-Coat treatment allowing bands to match the bracket and poles. No longer will shiny silver hose clamps detract from your promotional banners. Pel-Coat is a tough, durable treatment that will not crack or peel like painted or powder coated banding. A banner arm finial securely holds your banner no matter the weather condition
