

# Astro-Mini-Brac

This smaller version of the Astro-Brac is ideally suited for antennas, pre-emption detectors, side-of-pole mounts and banner brackets. The Astro-Mini-Brac comes with bands or cables.

## With Pelco Products, innovation always comes standard.

Pelco Products, Inc. is a centrally located, Oklahoma based, family-owned business specializing in designing, engineering, manufacturing and distributing poles, brackets and associated products utilizing castings, extrusions, forgings and stampings.

With engineering as the catalyst for growth, Pelco Products is proud of its Engineering Team consisting of 16 engineers and technical staff with over 370 combined years of experience and holders of more than 35 patents.

Founded in 1985 in a 2,500 square foot facility with 6 employees, the company now employs over 250 team members in 315,000 square feet of manufacturing space. The company is dedicated to serving its three primary markets (i.e. traffic, ornamental and utility) globally through Innovation Solutions, Quality Products & Unparalleled Customer Service.

# INNOVATION • QUALITY • SERVICE

The Astro-Brac® family of products is a universal mounting system for signs, cameras, sensors and virtually any size or combination of signals, to mast arms and poles. The Astro-Brac can be fitted with bands or cables and can rotate 360°. This versatility and the dependability is only possible with the Astro-Brac mounting system.

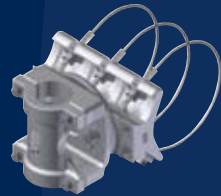

## Astro-Brac Stellar

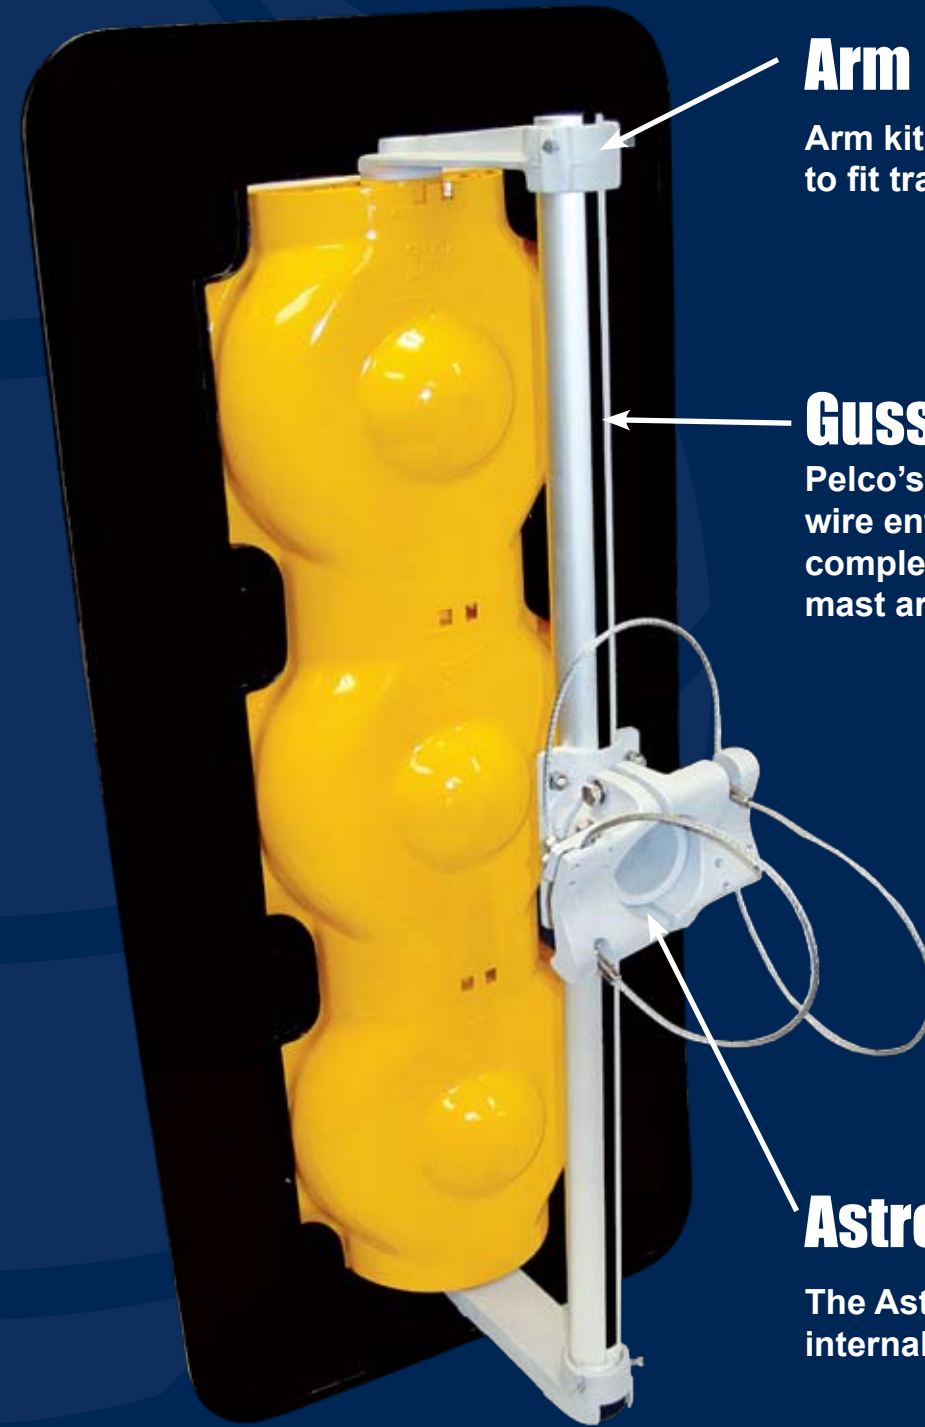

## Astro-Brac Tallon

## Astro-Brac Triton

# VERSATILE

### Arm Kit

Arm kits come in an array of options to fit traffic signal applications.

### Gusseted tube

Pelco's aluminum gusseted tubes allow wire entry at any point. The vinyl insert completely conceals the wiring from the mast arm to the signal head.

### Astro-Brac Clamp Kit

The Astro-Brac clamp kit allows for all internal wiring and features 360° rotation.

# DEPENDABLE
