Bristol Series

**AP-0207-** Bristol High Pressure Sodium  
**AP-0208-** Bristol Metal Halide  
**AP-7520-** Bristol LED

The Bristol Luminaires are available in metal halide, high pressure sodium, or LED and provide the look and charm of history. A unique modular electrical unit provides easy access for service. The Bristol Luminaire can be customized for a personalized style and requirement by selecting various options as shown.

---

1. See Reference Section for available paint colors.
2. Retrofit Kits are available to easily convert Pelco’s existing Windsor Luminaires to LED.
The Windsor Luminaires are available in metal halide, high pressure sodium, or LED. The carriage type luminaires are antique in appearance with a modular electrical unit for easy service access. The lighting panels have unique photometrics that give the appearance of multiple light sources. The Windsor Luminaire can be customized by selecting various options as shown.

Note: 1. See Reference Section for available paint colors.
2. Retrofit Kits are available to easily convert Pelco’s existing Windsor Luminaires to LED.
## Lexington Series

### AP-7523 - Lexington High Pressure Sodium
### AP-7523 - Lexington Metal Halide
### AP-7524 - Lexington LED

The Lexington LED Luminaire has a simple elegant style, yet brings a state-of-the-art photometric and maintenance technology to a unit reminiscent of the 19th century. The Lexington Luminaire is designed for use with a 2-3/8” diameter arm and can be customized by selecting various options as shown.

AP-0816 Hamilton
AP-0817 Oxford

The Simplex Roadway Luminaire Poles are available in 25’, 30’, 35’, and 40’ heights. They are provided with either 6’ or 8’ single or twin arms fabricated with a 24” rise. The steel tapered poles can accept a variety of decorative bases or be provided with simple nut covers. Various anchor options are also available.

Note:
1. See Reference Section for available paint colors.
2. For more indepth information on Bases see page U6-21 through U6-25.
3. For Anchors see section U5.

**Mounting Bracket Assy, Double Luminaire Arms, 2-3/8” OD, Galvanized Steel**

SP-6308-GLV

Bullhorn mounting bracket with a 2-3/8” OD pipe for mounting two luminaire security lights. Mounts with an offset from the wood pole and includes rubber grommet on the underneath side for wiring.

**Mounting Arm Assy, Flood Light, 2-3/8” OD, Galvanized Steel**

SP-6349-GLV

Mounting arm with a 2-3/8” OD pipe for mounting a single flood light with the provided 3/4”-10NC hardware.

Note: 1. Luminaire arms are hot dip galvanized per ASTM A123.
**Luminaire Support Arm, 1-5/8” OD**

Galvanized Steel

SP-6272-GLV

Luminaire support arm with a 1-5/8” OD pipe for mounting a single security light or Wi-Fi antenna.

---

**Luminaire Mounting Arm, 1-5/8” OD w/ Mounting Hardware, Alum**

1-5/8” OD aluminum pipe with an option of length for mounting a single security light or WiFi antenna. Includes three 3/8”-16 x 3” hex head lag bolts and flat washers. Typically powder coated P40 Silver, other colors available.
