

Pelco Products, Inc. Announces New Roles

We are pleased to announce the promotions of Kenny George and Kevin Hanke.

Kenny George promoted to Director, Engineering & Production. He began his career at Pelco in November 2006. Over the past 15 years, Kenny has held positions in Drafting, Research and Development, Design Engineering and Manufacturing Engineering. Kenny has had progressive management responsibility leading to oversight of all Engineering disciplines. His tenure at Pelco, experience, abilities and knowledge of numerous operational areas at Pelco including inventory, purchasing, scheduling, quality and production, make Kenny uniquely qualified for this role. His passion for Pelco and vision for growth is evident in all his endeavors. Kenny was also an instrumental partner for Pelco in the recent equity transaction with River Associates.

Kevin Hanke promoted to Sales and Marketing Manager. Kevin began his career at Pelco in February 2015 as a Technical Sales Representative. He moved to Intellicross Manager in January 2017 and Regional Sales Manager in October 2019. As evidenced by his progressive promotions and sales results, Kevin has shown great leadership ability. He has also been very successful in advancing the Intellicross product nationwide. Kevin's forward thinking, strategic planning and vision for growth make him an ideal fit for this role.

For more information on Pelco's products, practices and promotions please contact your Regional Sales Manager.
