

Pelco Products, Inc. is a centrally located, Oklahoma based, family-owned business specializing in designing, engineering, manufacturing and distributing the finest traffic and utility products. Utilizing the latest in technology and streamlined manufacturing, Pelco offers a broad range of utility products ranging from capacitor bank junction boxes to Copper Safe[®] theft deterrent doors. As an ISO 9001 certified company, Pelco is dedicated to meeting the needs of our customers while adhering to regulatory requirements based on quality management principles.

Equipment Mounts

Various utility equipment mounts are offered by Pelco, including conduit stand-off brackets, cutout arrester mounts, transformer mounts, and meter mounts.

Arm & Pole Products

Pelco manufactures davit arms, lighting arms, and luminaire clamps, as well as round, tapered, and fluted poles, in multiple sizes. Various hand hole covers, pole caps, and bases are also available.

Capacitor Bank Products

Pelco offers a wide variety of junction box assemblies, weather-resistant and pre-wired. Various configurations are available with 6 or 4-jaw meter bases, transformer cables, sensor cables, and Mil-Spec connectors.

Theft Deterrent Products

“Copper Safe” theft deterrent products are Pelco’s solution to copper theft and vandalism. Pelco’s cable retainers, hand hole covers, and base doors prevent unnecessary expenses to a community.

Foundation Anchors

Pelco’s power-installed foundation anchors provide an economic advantage over traditional methods by reducing labor cost, equipment, material, and time. Various sizes are available.

Lighting Solutions

Pelco offers a variety of lighting fixtures, customized for specific requirements. Pelco can also provide various poles, bases, and anchors for mounting the lighting fixtures.

Special Applications

Pelco Products, Inc. has always strived to provide the industries best source for products that fill special and unique mounting applications. Our design and engineering capabilities have resulted in hundreds of products that, over the years, have solved mounting problems for customers all over the world. If you do not find the product you need in our standard catalog, contact Pelco Products, Inc. We may have an existing product to meet your needs.

SHIPMENT & DELIVERY

Pelco is very diligent in selecting the most competent and economical carrier. However, upon written request Pelco will use a carrier of your specific choice. See Shipping Notice, in the Reference Section of this catalog, for shipment specifics and freight claims.

Pelco's Freight Allowed Policy varies per product category. Our standard policies are as follows:

Aluminum and Steel brackets/equipment mounts are freight allowed with the purchase of 144 pieces or more.

Capacitor Bank Products are freight allowed with a purchase of \$5000.00 or more.

Foundation Anchors are freight allowed with quantities of 36 pieces or more. Foundation Anchors must be purchased in bundles of four. Mixed part numbers are permitted as long as each part number is divisible by 4.

Theft Deterrent products are freight allowed in quantities of 100 or more of a single part number.

RETURNED GOODS

In order to expedite handling, written authorization must accompany all returned goods. Upon request, a Returned Merchandise Authorization (RMA) will be issued and must be used. Use this RMA as a packing list when returning a shipment. A restocking fee plus freight charges shall be assessed against the return of goods unless return of goods was due to an error of Pelco.

REQUESTS FOR CERTIFICATIONS

Representative material test reports are available on request for most Pelco products. If your order contains materials that require lot or heat treat number traceability, or if the materials must be of domestic origin, those requirements must be clearly stated at the time your order is placed.

SHIPMENTS MADE WITH FACTORY AS F.O.B. POINT

-CARRIER HAS ACCEPTED SHIPMENT IN GOOD CONDITION-
LOST OR DAMAGED GOODS ARE THE CARRIER'S RESPONSIBILITY in all shipments of this type.

PELCO'S Responsibility For This Shipment Has Now Ceased.

CHECK YOUR SHIPMENT CAREFULLY WHEN DELIVERED to see that it is in good order and received complete. When packages check short or are in bad condition, have the Carrier's agent make notation of this fact in detail on the freight bill or express receipt and then require that he sign it.

LOST OR DAMAGED GOODS ARE THE CARRIER'S RESPONSIBILITY in all LTL (less than truckload) shipments. In TL (truckload) shipments, the Carrier is responsible for damage to exposed surfaces of the goods (top and ends) caused by collision with other vehicles or objects when the Carrier is negligent, and by loading other freight on or against Pelco goods. When the trailer itself shows evidence of fresh damage, call at once for inspection of the contents just as though it were an LTL shipment.

CONCEALED LOSS OR DAMAGE DISCOVERED AFTER DELIVERY of shipment must be reported to the delivering Carrier upon discovery, and in any event within 15 days after receipt. Hold goods, containers, and packing materials in exact condition as found for inspection by the Carrier. An inspector for the Carrier should call within 48 hours. If nothing is heard in that time, notify them by registered mail and get a receipt. The Carrier will issue an inspection report and give you a copy which must be used to support your claim.

FAILURE TO COMPLY WITH ANY OF THE FOREGOING REGULATIONS IS REGARDED AS INDICATING COMPLETE DELIVERY OF FREIGHT IN GOOD CONDITION.

Make Your Claim Promptly
Carrier Will Not Consider a Claim Unless Presented Within 9 Months After Receipt of Shipment.

IMPORTANT!

DO NOT DEDUCT THE AMOUNT OF LOSS OR DAMAGE from Pelco invoice while awaiting adjustment of a claim, as we can not guarantee safe delivery for actions beyond our control.

Please do not return goods to Pelco or instruct Carriers to return goods without first securing written authorization and shipping instructions.

Foundation Anchor Assy, 3" Sch 40 x 4'-0" 4-1/2" to 6-1/2" Bolt Circle, 1/2"-13NC Hardware

PB-5369-GLV

Pelco's foundation anchors feature a top plate which enables the bolt head to be inserted after the anchor is in place. This eliminates the necessity of digging under the plate to install base bolts. Plate scrapers loosen the soil for easy bolt installation from top of the plate. The square head bolts are held in place by the plate scrapers, which prevent them from turning.

Note: The Driver Adapter is not required for installation using the Kelly Bar Adapter. The Kelly Bar Adapter mounts directly to the top plate of the anchor. For residential, ornamental, and walkway lighting with small bases. (wt. 46 lbs)
