

Astro-Brac Installation Made Easier

Pelco's Helping Hand

Installing an Astro-Brac just got easier. If it seems like you don't have enough hands, let us help! Pelco's newest tool, the Helping Hand is made for those instances when you need to free up both hands to safely complete an installation.

1

Makes installation easier, faster and safer

2

Attaches to a gusseted tube in seconds with a quick turn lever

3

Allows for a traffic signal or device to temporarily rest on an Astro-Brac Stellar or Galaxy clamp kit

5

Bidirectional design allows the attachment to Astro-Brac Stellar clamp kit or when flipped 180° it will attach to the Astro-Brac Galaxy clamp kit

4

When temporarily in place on clamp kit, both hands are freed to securely attach signal assembly to support structure

Part Number: AB-1000

*** Bonus:**

Conveniently located bottle opener built in

320 W. 18th St. • Edmond, OK 73013 • 405.340.3434 • Fax 405.340.3435 • pelcoinc.com

The Pelco Helping Hand: A little extra help when you need it.

1 Clamp kit mounted to arm.

2 Attach Helping Hand to Gusseted Tube.

3 Place Helping Hand on clamp kit then securely attach.

4 Remove Helping Hand. It's that simple!
